

CONSENT ON THE PROCESSING OF PERSONAL DATA

On May 25, 2018, the personal data protection law changes as to how companies record, store, and use personal data.

Currently, the Personal Data Protection Act covers how it is managed, as set out in the new Privacy Policy, hereafter referred to as the GDPR, which will govern and regulate European and global operations related to personal data, so we need to change some of our working practices.

As a company involved in recruitment, placement and management of working force, GOOD WINDS Marine Services SRL collects and preserves your personal data in order to enable us to process them in order to obtain a job.

The new GDPR regulation places an additional (and new) obligation on employers, to inform candidates about the jobs they offer, more detailed and why we collect your data, what we do with them and how long we keep them. Complete details can be found in the Personal Data Processing Policy, available at the company's headquarters and posted on the website www.goodwinds.ro/index.php/personal-data-protection-notice/, which you should carefully follow.
